DCHE Bible Quizzing FAQs

What is Bible Quizzing? Simply stated, it is a tool that will motivate young people to learn God's word, work together, and expand their horizons. Quizzers practice weekly, and compete against other teams quarterly, as they enjoy fellowship, fun, and Christ-centered competition.

How does a quiz work? As questions are read, teams jump up from quiz seats which electronically determine the quizzer who is up first. The winner of the jump can score points by correctly answering the question from that year's material. Teamwork, knowledge, strategy, and physical skill are all attributes of a good quiz team.

Who can be involved? Young people ages 6 – 18. Bible Quizzing is inter-denominational. Since questions are not interpretive and come directly from the Scripture text (Berean Study Bible), quizzers from different denominations can quiz and fellowship together.

What will we be studying? This season, students across the country are learning the books of I and II Corinthians. No prior knowledge is necessary.

When and where do you meet? We meet on Wednesdays, 12:30pm – 1:25pm at Stone Mountain First UMC5312 W Mountain St., Stone Mountain, GA 30083
